New Delhi, India

SUMMARY

Motivated and enthusiastic Computer Science graduate with a Bachelor's in Computer Applications. Strong programming skills in JavaScript and hands-on experience with the MERN stack (React.js, Node.js, Express.js, MongoDB). Adept at building scalable, responsive, and user-friendly web applications. Eager to contribute technical expertise and creativity to an entry-level Software Developer role.

EXPERIENCE

Full Stack Web Developer Training

09/2024 – 06/2025

Masai School

Remote

- Engineered and deployed multiple production-ready web applications using HTML, CSS, JavaScript, React, Node.js, Express.js, and MongoDB.
- Implemented REST APIs, integrated authentication systems, and crafted responsive UIs for seamless cross-device experiences.
- Collaborated within agile teams, utilizing Git-based workflows, peer code reviews, and industry-standard development practices.

EDUCATION

Bachelor of Computer Application

08/2021 – 08/2024

Institute of Technology and Science, Ghaziabad

68.6%

12th

07/2017 – 07/2019

Babulal High School, Saran, Bihar

54%

10th

07/2016 – 07/2017

High School Mahuli/Chakhan, Saran, Bihar

PROJECTS

Gemini AI Clone | [React.js](#), [API Integration](#)

05/2024

- Constructed a Gemini AI clone enabling GPT-powered conversational interactions with real-time API integration.
- Formulated adaptive UI components, optimized state management, and ensured high performance across devices.

E-Commerce Website | [HTML](#), [CSS](#), [JavaScript](#), [Firebase](#)

04/2025

- Produced a fully functional e-commerce platform featuring customer shopping pages and vendor dashboards.
- Integrated Firebase authentication and real-time database for product inventory, orders, and payment tracking.

Smart Home Controller | [React](#), [Firebase](#) | [Live Link](#)

2025

- Assembled a smart home backend to manage IoT devices and rooms, enabling device control and power usage monitoring.
- Originated secure login/signup features and REST APIs for real-time system updates.

Habit Tracking App | [React](#), [Firebase](#) | [Live Link](#)

2025

- Initiated a habit tracking system to log, monitor, and analyze daily habit progress.
- Configured Firebase authentication, cloud storage, and live habit status synchronization.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3

Frameworks & Libraries: Next Js, React.js, Redux, Redux Toolkit, Node.js, Express.js, Tailwind CSS

Databases: MongoDB, Firebase Realtime Database

Developer Tools: Git, GitHub, VS Code

Other Skills: REST API Development, State Management, Responsive Design, Data Structures & Algorithms (DSA)
